This index is arranged in two sections, the Subject Section and the Name Section. **Articles** and **Book Reviews** are entered under the name of the author and joint authors in the name Section and under one or more subjects in the Subject Section.

News items are under the names of the organizations or groups mentioned in the Subject Section as well as the subjects to which the items pertain. **Honors** bestowed upon nurses, including academic degrees, are under the subject **AWARDS AND PRIZES**; **Colleges and universities** are under the specific name of the institution and **hospitals and hospital schools** are under the name of the state and thereunder by city. All **appointments** are under subject **APPOINTMENTS**; however appointments to state, national, international and federal agencies are also under specific name of agency involved and under personal name in the Name Section.
